SPONSORS**

LAW OFFICES OF DAVID D. TOWLER

Presents the:

**21st Annual**

**CASA 5K Superhero Run/Walk**

**When:** April 18, 2026

**Time:** 8:00am

**Place:** Heritage Park

CASA of the Coastal Bend would like to announce the 21st Annual CASA Kids Superhero 5K Run/ Walk. We are asking the Superheroes of the Coastal Bend, like you, to show support for children in foster care by sponsoring this major fundraising event. The battle against child abuse can be long and hard, but with your support, we can ensure every child's voice is heard.

Samuel, age 2, and Jordan, age 1, were removed from their mother in September 2018. Their mother was also pregnant with another child. Angela was in a dark and painful place—battling addiction, lost in isolation, and barely clinging to life. Multiple relapses had taken a devastating toll, leaving her consumed by hopelessness when her children were taken. But just when things seemed beyond repair, hope arrived. CASA Advocates Alicia and Thelma were appointed to speak up for Samuel and Jordan's best interests. These advocates did more than fulfill a duty—they walked alongside the family. They encouraged Angela through her recovery, helped her navigate the court system, and, most importantly, believed in her when she couldn't believe in herself.

Pictured left to right Jordan, Samuel and Angela

**“The CASA Volunteers watched me grow. They stood by us through every hard moment. They connected with my children, offering them love, hope, and consistency when everything else felt so uncertain.” - Angela (Mom)**

Angela committed to her recovery and reclaimed her life, step by step. Today, she is six years sober. Her children—now 6, 9, and 10—are back home with her, thriving in school, and surrounded by love. Because of CASA, one family found their way back to each other and forward to a future filled with promise.

CASA volunteers bring children who are victims of abuse and neglect a strong voice and opportunity to thrive. 100% of the 5K proceeds ensure we strive to have a CASA for every child. Being a sponsor provides numerous benefits including reaching new target audiences, increasing stakeholder loyalty and making a social impact in the community where you do business. Please consider joining our 5K and help us give children a fighting chance.
